ALL THE WORLD'S A STAGE AND ALL SETTING: MARKLEVILLE HIGH SCHOOL

TIME: 1963-64

When the trees cast their lengthy shadows across the grounds and a breeze rustles through their leaves, they whisper secrets of bygone days; and one who listens closely on a quiet afternoon will learn their secrets--rare treasures collected as the swaying spectators watched the unsuspecting actresses and actors perform skillfully, or perhaps clumsily, in preparation for a not too distant future. Listen closely some quiet day and perhaps you will hear the leaves swishing and murmuring untold tales of the Class of '64.

THEY HAVE THEIR EXITS AND ENTRANCES

Often we felt that the task of completing twelve years of study would overpower us. Yet, we grew steadily, and each year we came closer to our goal--an education.

We used every ounce of stamina that we possessed to overcome the villain, Work; we became intricately involved in our class-work and assignments; often we felt like heroes marching home from a well fought victory when we took home A's.

AND ONE MAN IN HIS TIME PLAYS MANY PARTS

The scenes changed and so did our parts. Some of us became infatuated with the drama, these were the stars--the leaders. Others, who were less enthusiastic, settled for minor parts--they were followers. We came to realize that the true value of our leaders and of our followers lays in the quality of our performances. Each was important in his own way and together we conquered our stage.

QUIET . . .

Frequently, we escaped the gaiety of the crowd and found solace in the calmness of our minds. With a friend or perhaps alone, we were able to think more clearly and evaluate more precisely in an interlude of silence.

ROWDY . . .

We supported our teams through an atmosphere of electric excitement. Sometimes we yelled and screamed, jumped and stamped. We were loud, boisterous, and unbearable at times; yet our cause was good--school spirit.

TENSE . . .

There is a strange sensation of fear which became familiar to each of us. It became most common during a crucial point of a game. We learned to act in a crisis. We took defeat with a stiff courage and victory with an open smile.

RELAXED . . .

When we relaxed, we were the very happiest people alive. We often exchanged the thoughts of an unpleasant previous hour for lively conversation. We made friends and conquered the blues in these hours.

CAREFREE . . .

Participation in extra-curricular activities brought our gayest moments. We often rollicked and frisked, giving our time and energy to the clubs we represented. They were an asset to our growth--a vitamin.

SERIOUS . . .

We mourned the death of a great President.

If we have played our parts well, the credit goes to those who never let us down.

BEFORE WE MAKE OUR ADIEUS . . .

Soon, for the last time, we will appear as star performers before this audience. The final curtain will go down. We will take our bows. And the great plan on which our lives have been centered for the last four years will be over in a single night. Some of the actors, weary of the demanding schedule, are thankful that the end is near. But whether it is with quickened step or with reluctant tread that we leave, we are, nevertheless, grateful to those who have directed us in our first major roles.

PRINCIPAL'S MESSAGE

"Class of '64"

"Duty, Honor, Country"

Duty, Honor, Country . . . Those three hallowed words reverently dictate what you want to be, what you can be, and what you will be . . . These are some of the things they build: They build you basic character; they teach you to be proud and unbending in honest failure, but humble and gentle in success; not to substitute words for action; not to seek the path of comfort, but to face the stress and spur of difficulty and challenge; to learn to stand up in the storm, but to have compassion on those who fail; to master yourself before you seek to master others; to have a heart that is clean, a goal that is high; to learn to laugh, yet never forget how to weep; to reach into the future, yet never neglect the past; to be serious, yet never take yourself too seriously; to be modest so that you will remember the simplicity of true greatness; the open mind of true wisdom, the meekness of true strength. They create in your heart the sense of wonder, the unfailing hope of what next, and the joy and inspiration of life.

ACTIVITIES

Prom Queen--Dee Ann Stohler

Attendant--Tinka Sonoff

JR.-SR. PROM

Attendant--Peggy Phillips

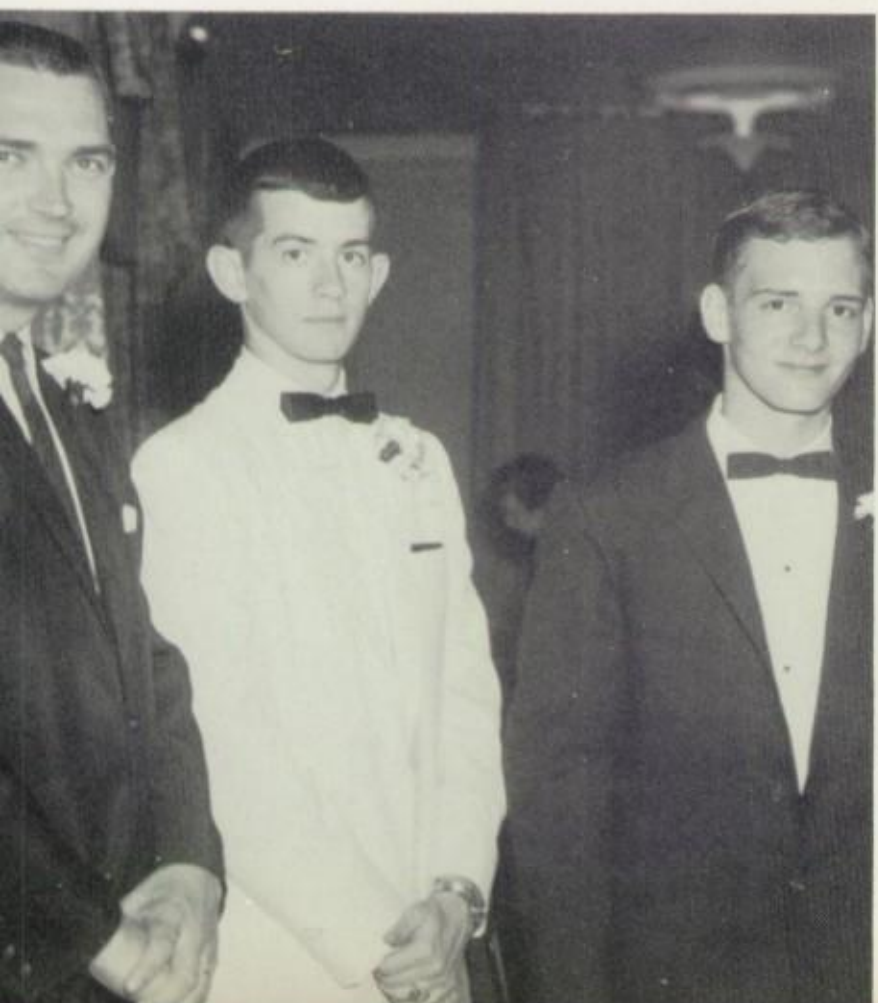

The 1963 Junior-Senior Prom was held on May 10, at the Hotel Roberts in Muncie. The theme of "Moonlight and Roses" was carried out by red and pink nosegays and nut cups that accented the tables.

The evening began with a banquet and program. A toast was given by the Junior class president, Gary Kinsey. Later music was supplied by "The Astronauts".

The evening then came to a climax when Dee Ann Stohler was crowned queen. Tinka Sonoff and Peggy Phillips completed the court. This was a highlight of our high school days and truly 'an evening to remember'.

Seniors--Gary Kinsey and Linda Wilkins; Juniors--Larry Bennett and Nelda Schulte; Sophomores--Fred Fisher and the queen, Jane Ann Jackey; escort, Buddy Padgett and last year's queen, Peggy Phillips; Freshmen--Randy Keesling and Janice Williams.

HOMEcoming

The 1963 Homecoming was held December 7, at our home game with Middletown. The theme of "Winter Wonderland" was carried out by a white snowman with a traditional black silk hat and a button nose. Music was supplied by the Dance Band. The queen's throne was a sleigh covered in red and accented with snow.

Jane Ann Jackey, Sophomore candidate, made a lovely queen. Her court included Linda Wilkins, Senior candidate; Nelda Schulte, Junior candidate; and Janice Williams, Freshmen candidate. The girls were radiant in their holiday colors of red, blue, and gold. This was truly a highlight of our holiday season.

The crowning of Jane Jackey as 1963 Homecoming Queen! Fred Fisher escorted the queen while Peggy Phillips placed the crown on her head.

The procession was headed by the new queen and followed by Peggy Phillips, last year's queen, escorted by Buddy Padgett.

HI TIMES STAFF

I have been proud and privileged to be your 1963-64 HI TIMES editor and have tried to make the most of this challenging opportunity. Every HI TIMES meant hard work, delegation of authority and responsibility. My staff put their faith in me, and I enjoyed working with them. Lana Harlow, my assistant editor, was a constant help and dear companion. Each office practice student willingly helped to make our deadlines and newsy columns for our readers, striving to make each issue better than the last, yet holding to an individual format.

I find that I owe a wealth of gratitude to a man who placed his faith in my ability--Mr. Forrest. Through him I learned so much, all the while aware of his kindness, guidance and consideration as we worked together. He gave me confidence. His sense of humor made me appreciate him all the more. Thank you, Mr. Forrest, for your assurance, which I will always remember.

Good luck to the next HI TIMES editor. Try your best, for others will take notice. Your readers' compliments will bring you the satisfaction you endeavor to find in your year.

ARABIAN STAFF

The honor of being the yearbook editor is an honor which increases as time passes. I could not imagine the time and work which must be spent planning the yearbook. The assets gained from working on the yearbook more than overshadow the problems and headaches. The pride felt upon seeing the final copy of the yearbook is a rare experience.

Many of the problems and headaches were shared by my assistant, Dee Ann Stohler. The title of assistant-editor is rather ironical in her case. At times it seemed as if I were her assistant. Whenever I was unable to work on the yearbook, she took complete responsibility and did a fine job.

Frequently, we had to be encouraged to keep from slowing down. This encouragement came largely from Mr. Forrest, our advisor. He gave us his time and knowledge whenever we were in need of it. He was an inspiration to all of us on the staff.

Our financial matters were handled very efficiently by Kathy McCormack. She was responsible for the selling of ads and the handling of all checks and invoices. She took her responsibility seriously and always urged others to sell their ads.

To all of these people go my deepest thanks and appreciation for a job well done.

BASKETBALL

The basketball team had an up and down year, finishing the season with a 9 and 12 record. Many of their losses, however, were by one or two points.

The team got off to a slow start winning two of their first three games and then dropping the next six. By mid-season the team started to improve and surprised everyone by winning the Pendleton Invitational Tourney. They began forming into a closely knit team and everyone's hopes brightened.

The team slid downhill a little after the tourney and was never able to return to its peak. However, the team made a good impression in the Madison County Tourney. The season was average after that and was climaxed when the Arabians lost to the Elwood Panthers in the Sectional.

The team loses two starters in Seniors Howard Williams and Butch Baker. Everyone is hoping for a bright season next year.

TRACK

The Markleville High School track team in 1964 should be a strong contender in all their meets. They lost only four members from last year's team, and the gaps which they left should be effectively filled by underclassmen. We are also expecting excellent performances from Butch Baker, Lonny Hunter, and Howard Williams, the only returning Senior lettermen this year.

BASEBALL

The Markleville High School baseball team had a season record of nine wins and five losses. Their fine record enabled them to finish second in the White River Conference. Individual honors were awarded to Bobby Collier and Darryl Gustin, who both made All-Conference first team. We will lose only one member of the varsity team with graduation this spring, so we shall be looking forward to an even better season next year.

CROSS COUNTRY

This year the Cross Country team completed the season with a record of three victories against five defeats. Our boys ran hard and long, and their individual efforts often paid off. Lonnie Hunter set a new school record for running the two-mile course at Cooper's in 10:03 minutes. The Freshmen won the Shortridge Invitational Meet, while competing against some of the best teams in the State. There is certainly a promising future for Cross Country at Markleville.

JUNIOR HIGH CROSS COUNTRY

Mr. Harold Markle--Coach

This year was the first time in many years that Markleville has had a junior high cross country team. The boys showed a lot of enthusiasm for a sport they had never before competed in. All of the boys worked hard in practice and had a lot of spirit in their meets. Although they did not have many meets, they were able to defeat Middletown and also to place second in the Charlottesville Invitational. If these boys continue to improve, the future looks promising for cross country at M.H.S.

Sure you do. (You just did.) You're curious. You have an inquiring mind. You're very fortunate. Inquiring minds have a lot more fun than if-it-was-good-enough-for-my-father-it's-good-enough-for-me-type minds. ■ Take a look at the young scientists at Delco-Remy's Research and Engineering Center in Anderson. They solve problems using everything from an electron microscope that can magnify the diameter of a human hair to a width of 150 feet to an instrument that can cut an inch of material into a million parts. They work side by side

with other scientists who are developing things like electronic ignition systems for cars and control devices for missiles and rockets. ■ Beginning to think research can be fun? You're right. If you enjoyed your high school science courses, perhaps you should think about making a career in research. Don't get the idea that it'll be a snap, though. You'll need to tackle a lot of preparatory study and hard work in college. But if you've got what it takes, maybe we can get together sometime and play around with a new discovery or two.
